OUR COMMITMENT TO GUESTS AND COLLEAGUES

IHG Hotels & Resorts built its reputation on a long-standing commitment to the health and safety of our guests and colleagues. We continue our commitment to deliver on that promise using new, science-led protocols and service measures, partnering with industry-leading experts and launching a global Clean Promise.

IHG Way of Clean

Clean and protection

IHG has a long-standing commitment to rigorous cleaning procedures. Launched in 2015, the **IHG Way of Clean program** was developed with **Ecolab** and **Diversey**, two world leaders in hygiene and cleaning technologies and services.

Global Cleanliness Board

Partnering with the experts

Leading our clean initiatives is a group of IHG experts in operations, health, safety and guest experience working with external specialists including **Cleveland Clinic Chief Clinical Transformation Officer Jim Merlino, MD**, to define solutions, best practices and implement processes.

IHG Clean Promise

Commitment to our guests

With updated measures in place, IHG launched a Clean Promise.

Guests can be assured that their room will meet IHG's high standards of cleanliness. If not, the hotel will make it right.

On property, these efforts are deployed globally through Clean Champions to continue building the culture of clean instilled in IHG hotels around the world. These champions will focus on guests and colleagues as they navigate the new environment and help on-property teams to consistently deliver these elevated cleanliness standards.
